

A Baby Groot figurine is centered in the background, rendered in a semi-transparent teal color. The figurine is in a dynamic, slightly off-balance pose with its arms and legs outstretched. The background is a dark teal gradient. In the top right corner, there is a solid red rectangular block.

# BABY GROOT TOKEN

%100 COMMUNITY PROJECT

# WHAT IS THE BABY GROOT TOKEN?

Baby Groot Token: It was established to draw attention to forest fires and tree destruction around the world, to examine the causes of extinction of rapidly decreasing tree and plant communities and to find solutions to these problems, and to help all humanity and future generations live in a healthier and greener world. It is literally a community and charity project.

# EVERY YEAR, 15 BILLION TREES ARE DESTROYED ON AN AVERAGE!

- ▶ In a study conducted by Yale University in the USA in 2015, there are more than 3 trillion trees worldwide, but the number of trees has decreased by 46% since the first civilizations, and an average of 15 billion trees are destroyed every year due to clearing of agricultural land, poor forest management, and fires. stressed.
- ▶ "We've halved the number of trees on Earth so far, and we're starting to see the effects on both the climate and human health," said Thomas Crowther, who led the study.

# CLIMATE EFFECT OF FOREST DESTRUCTION

- ▶ According to data from the World Wide Fund for Nature (WWF), forests store half of the world's soil-bound carbon. According to the UN Food and Agriculture Organization (FAO) estimates, forests have the potential to absorb one-tenth of the total carbon dioxide emissions expected to be released into the atmosphere between 2000-2050.
- ▶ In addition, the destruction of forests worldwide and the deterioration of forest and soil quality contribute to 15 percent of the total greenhouse effect on earth.

# WOULD YOU LIKE TO SEE THE ONGOING FOREST FIRES IN THE WORLD?

- ▶ The American Space and Aviation Administration (NASA) maintains a mapping system called "FIRMS", where forest fires in the world can be monitored simultaneously via satellites.
- ▶ You can access it by clicking this link:  
<https://firms.modaps.eosdis.nasa.gov/map/#d:24hrs;@0.0,0.0,3z>

# OUR RESPONSIBILITIES AND SOLUTIONS:

- ▶ To contribute to the solution of this problem, which concerns the whole world and for which we are all responsible, as the Baby Groot Token community, with your help.
- ▶ Creating a separate wallet for the 2% deduction made from each purchase and sale, donating saplings on behalf of the community with this wallet, and transparently sharing the certificates of these donations on social media platforms such as Baby Groot Token's Website, Twitter, Instagram and Telegram.
- ▶ Bringing this awareness to everyone we can reach through the Crypto Exchange.
- ▶ To take a greener and cleaner step into the future with the solution suggestions of the members of the community.
